

disc media self-service & security solutions for RFID

peace of mind for your rapidly growing media collection

In today's economy, more people are turning to the library for free resources such as music, movies and games. As requests for these materials increase, libraries are realizing an increased need for security and self-service. Whether you are considering RFID, or already benefiting from it, we offer a broad variety of solutions to match the self-service and security needs of your library.

mediaCase™ unlocker
