## Access financial information in one place

Our exclusive partnership with Comprise™ allows us to present a consolidated view of your financial collection activity. This breakdown provides detailed financial auditing information at your fingertips.

## Global settings & remote device configuration

Control device settings and core shared information from one central location without the need to be in front of individual devices. Enjoy convenient management of user preferences, including alert specifications and frequency.

## Detailed and robust reporting

Detailed patron, item, and device reports can be viewed by the entire system or broken down into branch-level, equipment based, or time interval statistics.

## Receive updates with our built-in messaging system

The built in messaging service ensures that you will always receive the latest important notifications from bibliotheca.

## View latest downloads

The latest software updates, user guides, plus up-to-date documentation related to your products can be found easily in our customer download area.

## Access to global ideas in our online forum

Visit our online user community where customers around the world can easily connect and share ideas. Topics range from best practices to new product ideas.
